

# **WORLD PEACE**

**A** World needs peace. It is a must for human wellbeing. Without peace life loses all meaning. Therefore, peace is a must. Peace is a non-negotiable item. It is the nonnegotiable foundational requirement. Humans need peace to thrive or survive.

**B** Hence, to see peace is ensured for human welfare and wellbeing is the duty of each and every human being in this world. That would be possible only by everyone's realizing the need for Hindu Government For Hindus in their motherland Bhaarathavarsah and praying for and supporting by all means for its realization at the earliest.

**C** It is so because Hindus alone are the people in this world who are in spite of being fully equipped to successfully play such a gigantic role never covet anything of others any time. They alone are in the know of the highest form of justice in compliance with the Applied Form of the All Governing Mighty Inviolable Eternal Cosmic Law subject to which are all beings, processes, products, and manifestations in all the universes of the Cosmos. Hence, world peace requires the inescapable realization of Hindu Government For Hindus in Bhaarathavarsha at the earliest. In order to develop crystal clear clarity on this pivotal issue one may go through the following.

**HINDU GOVERNMENT FOR HINDUS ALONE CAN ESTABLISH PEACE IN THE WORLD**

**IT IS HIGH TIME HINDUS HAD THEIR OWN HINDU GOVERNMENT**

**HINDUS NEED THEIR OWN GOVERNMENT TO UNCONDITIONALLY PROTECT JUST INTERESTS OF ALL**

**1** Hindus have always been a nation. They were a nation, they are a nation, and they will remain a nation. They have been a nation right from the time of creation. It is natural for any people or any nation to have a government of their own to ensure safety, security, peace, progress, prosperity, welfare, freedom, and justice. Hence, it is the natural birth right of Hindus to have a government of their own. Though they struggled for Freedom and Independence, taking advantage of their noble cultural traits the anti-human forces have very cleverly and cunningly hijacked their hard earned so-called Independence leaving them as worse than orphans and third rate citizens in their own country!

**2** The question as to whether they are a nation is the invention of their enemies to divide, degenerate and destroy Hindus.

**3** There has not been a single lie that has not been propagated against Hindus and there has not been a single crime that has not been perpetrated against Hindus during the last no less than thousand long years. There has not been a single distortion that has not been resorted to for fooling Hindus. With the implementation of "Suppressio veri,

**suggestio falsi” by antihuman forces Hindus have been turned into enthusiastic self-saboteurs.**

**4 There has not been a single day without shedding the blood of a Hindu during the last no less than thousand long years. There has not been a single day without a gruesome rape of a Hindu female during the last no less than thousand long years. There has not been a single day without infliction of insults on Hindus during the last no less than thousand long years. There has not been a single day without desecration of whatever is holy to Hindus during the last no less than thousand long years. There has not been a single day without the loot and destruction of the most auspicious tangible and intangible wealth of Hindus during the last no less than thousand long years.**

**5 The enemies of Hindus are in fact enemies of the whole of humanity. Thus they are enemies of themselves too unawares!**

**6 Hindus have been the most blessed recipients of the most auspicious eternally valid true wholistic knowledge about life, man, world, creation, creator, the true almighty, purpose of life, birth, death, rebirth, and way of purpose-fulfillingly leading life.**

**7 Theirs has been a wholistic evolutionary civilization built on a multifaceted culture designed and dedicated without exception to cater to everyone’s wholistic health, welfare, wellbeing, everyone’s wholistic peace, progress, prosperity, harmony, and evolution, and everyone’s blossoming with highest possible wholistic justice made freely available for everyone in compliance with the All Governing Mighty Inviolable Eternal Cosmic Law subject to which are all beings, processes, products, and manifestations in all the universes of the Cosmos.**

**8 Thus theirs has been an exemplary nation of humanly possible highest, greatest, noblest, and most ideal society that has not only never coveted anything of others but has given more than not only any other nation but also more than all other nations and countries put together in spite of being the most wronged nation on earth having been subject to thousands of genocidal holocausts for more than thousand years. Hence, every enemy of Hindus happens to be by default enemy of oneself, enemy of peace, progress, prosperity, harmony, justice, evolution, and enemy of the whole of humanity.**

**9 It is such greatest and noblest nation in its present most pitiable decadent condition (due to uncountable number of all kinds of genocidal holocaust attacks from all types of rotten degenerate unscrupulous beastly ignorant forces in the world that wish to enforce their ignorant rule in violation of the Cosmic Law) that is being referred to as ‘Hindu’ nation with a non-native word ‘Hindu’ shunning the real name of the people and thereby depriving the people of their own true identity to the extent that they fail to understand if you refer to them and their nation with the true original name of their identity!**

10 The word Hindu does not belong to any of the native languages of their holiest motherland Bhaarathavarsha. It is only till the word of their real identity gets well established in their minds the word Hindu requires to be used.

11 And presently this word Hindu is being used in the religious sense too when it has nothing to do with any religion of Bhaarathavarsha!! It is a sticker stuck to these people by anti-human forces who with their petty and wicked minds could not make head or tail of what these people are! Since the ignorant anti-human forces do not know the difference between faith and religion even to this day and keep using them interchangeably, they stuck the Hindu sticker on all those who did not belong to their known two Abrahamic faiths! It is to such an extent that the lives of Hindus got twisted, deeply messed up, and perverted starting with the very word of their own identity!

12 Just as the word Hindu does not denote any religion, the word Indian too in reality does not denote any nationality other than as eyewashes one attributes whatever meanings one's wishful thinking indulges in. People do not become nations overnight by mere sticking of labels. For crystal clear clarity in this regard one may refer to the Welcome page, and Nation Country State page of the website, [www.hssm.in](http://www.hssm.in).

13 Thus it is by keeping Hindus in such utter ignorance, the anti-human forces keep using the word Hindu in a communal sense too in order to win over Hindus by making them feel ashamed and apologetic and withdraw from and give up their rightful stands since they never had the habit of being communal like the anti-human forces.

14 Hindus have always been all inclusive of all the positive and good natured ones and never exclusivist like the anti-human forces. It is because of their all-inclusiveness that all kinds of anti-human forces have been very cunningly trying to destroy them like white ants.

15 Though Hindus happen to be a nation living in their own country, unfortunately they are not living under their own government since they still do not have a government of their own: of Hindus, by Hindus, and for Hindus. It is because Hindus do not have their own Hindu government for themselves to protect themselves, and all their interests they have been being subject to innumerable indescribable non-stop covert and overt attacks of all kinds turning their life into a visible and invisible sea of misery.

It is to put a permanent end to all such centuries old needless misery that Hindus need to have a wholisitic government of their own in whatever form: for Hindus, by Hindus, and of Hindus in their very own holiest motherland, Bhaarathavarsha which alone would be instrumental in ushering in world peace by putting an end to the trend of fifteen thousand wars in three thousand years.
